Summary

Solving Complex Problems with Code

"I'm a Full Stack Developer with a passion for building dynamic and interactive web applications. With over two years of experience, I have a strong command of HTML, SCSS, JavaScript, AngularTS, Java, Spring Boot, MySQL, PostgreSQL, AWS, Docker, Fineract, and Mifos. My expertise spans both front-end and back-end development, allowing me to tackle complex challenges and deliver robust solutions.

Technical Skills:

• Programming Languages: Java, MySQL
• Framework: Spring, Spring Boot, Angular
• Architecture: Restful Services
• ORM Tools: Hibernate & JPA
• Version Control: GitHub
• Databases: MySQL 5.5/5.6/8.0.35, MariaDB 10.9
• IDE: Eclipse, STS, VS Code
• Operating Systems: All flavors of Windows, LINUX
• App/Web Servers: Apache Tomcat 7 & 9
• Agile Maintenance Tool: ZOHO Project
• Web Development: JavaScript, AngularTS, AngularJs, HTML5
• Cloud: AWS

Throughout my career, I've had the opportunity to work on various live projects, gaining practical experience and insights into real-world scenarios. I'm confident that my comprehensive skill set in full-stack development will enable me to contribute effectively to any future projects.

Let's connect and explore opportunities in the exciting world of technology!"

Experience

Software Development Trainee

FinOS

Sep 2023 - Present (1 year)

• Worked on the core Loan Management System and Savings Management System.

• Debugging & Fixing High Priority Production Issues. and Building Migration scripts for production issues for existing data correction.

• Optimized Reports Query to improve performance. and REST APIs Developed API layer, Service Layer using spring/spring boot and Java 8 & 17.

• Involved in the github branch merging, code review process and improving the quality of the product

Software Engineer Intern
BLOCK X Technologies Pvt Ltd
Jan 2023 - Sep 2023 (9 months)
• During my tenure as a Full Stack Developer Intern at Block X, I gained hands-on experience in building responsive and user-friendly web applications, leveraging a variety of technologies including Angular & Spring Boot

• As a Full Stack Developer Intern, I actively sought feedback from senior developers, incorporated constructive criticism to improve my skills, and actively participated in knowledge-sharing sessions, fostering a culture of continuous learning and professional development within the team.

• Worked on Third Party Integrations

Education

St. Xavier's Catholic College of Engineering
Bachelor of Engineering, Mechanical Engineering
2019 - 2023

Skills

Docker • Apache Fineract • Linux • Flyway • Simple Mail Transfer Protocol (SMTP) • WinSCP • Amazon Web Services (AWS) • Git • AngularJS • SQL
